

Public Health Director

Butler County Board of Health is actively seeking applicants for the public health director position at Butler County Public Health. The director provides guidance, direction and oversight to public health programs affecting the county population. Program services include home health, health education and promotion, environmental health, communicable disease control and prevention, emergency response and preparedness, immunizations, drug testing and case management. The director assesses community health needs, plans and develops programs, enforces county and state laws and ordinances, and acts as a spokesperson on public health issues. Must have a bachelor's of science degree in nursing and be licensed to practice by the Iowa Board of Nursing as a Registered Nurse. The applicant must also possess two (2) years of public health experience. Salary: DOQ. Excellent benefits package. A more detailed job description is available from Butler County Public Health, 319-267-2934. Submit resume no later than May 15, 2008 to: Butler County Auditor, 428 6th St, Box 325, Allison, Iowa 50602, Fax: 319-267-2625 or email: auditor@butlercoiowa.org. EOE.
